## Notice Ukraine situation.

### Point 3.1 of BOD 227 – 23 September 2023

Complementary to the presentation of the president in the beginning of the meeting, we need to announce a specific adaptation of the Finswimming rules during the Golden Finale regarding the actual situation.

The next Golden Finale will be held in Jiangle (China) from 17 to 21 October.

We need a specific adaptation in the rules for the World Cup to have the possibility to coordinate the different participation in the world cup and have the same chance to be classified. The proposition to modify temporarily before returning to a normal situation is as follows in highlighted text:

#### 4. CMAS FINSWIMMING WORLD CUP – GENERAL CLASSIFICATION

4.2. The General Individual Classification will be made to add the **two three** best results **and a result of the "Golden Final"**.

4.3. If one or more competitors finish equally placed, **the "Golden Final" result from the age of the younger athlete** decides the competitor's final rank.

4.6. The total amount will make the Club General Classification of the individual points of the best **two three** Meeting results **and "Golden Final"**.

4.8. The total amount will make the Nationals Teams Classification of the individual points of the best **two three** Meeting results **and "Golden Final"**.

4.9. The total amount will make the Countries' Classification of the individual points of the best **two three** Meeting results **and "Golden Final."**

This measure will be applied for Golden Finale 2023.

A new statement will be prepared for 2024 in the right moment.
